WELCOME TO HAMLINE

Unique physical form and classic enduring function converge inside the Anderson Student Center at Hamline University. More than 22,000 square feet of ceramic, quarry and kiln-fired porcelain tile create a clean, contemporary look on floors, landings and stair treads.

Ceramic tile has the high design qualities that blend smartly with high traffic. It's durable, decorative, easy on the eyes and easy to maintain.

**CERAMICA**

MINNESOTA CERAMIC TILE INDUSTRY

[www.Ceramicatile.net](http://www.Ceramicatile.net)

Using creativity, professionalism and skill to design and install functional porcelain and ceramic tile in commercial architecture and interior design applications.
