What's the perfect choice for remodeling a high-traffic commercial floor? At iconic Southdale Center, more than 220,000 square feet of porcelain ceramic tile adds a fresh, contemporary look to the concourses and food court. It's also a bright and scuff-resistant accent for wood columns, high-top dining tables, restrooms and walls.

Porcelain ceramic tile delivers a clean, modern look that's functional, durable and easy-to-maintain. Neutral tones work well with any wall finishes and furniture to provide a pleasing shopping and dining experience.
