

Ceramic Tile Makes a Statement

A herringbone ceramic back wall with laser cut sconce light fixtures is a clever example of design and application flexibility.

Colorful and captivating, porcelain ceramic tile provides an eye-catching and durable finish for new dining venues at MSP Airport.

Facings on three new counter-serve venues have attention-grabbing earth-tone 3D ceramic panels.

In the food court promenade, glazed ceramic walls and column surrounds provide a bright and easy-to-clean surface.

JOBS

- Zona Cocina – F Concourse
- 3 Food Court Venues - Main Promenade
- MSP Airport - Terminal 1
