

Primed For High Performance

Nearly 50,000 square feet of ceramic tile and stone provide contemporary design and durable surfaces at the new Twin Cities Orthopedic Performance Center, headquarters for the Minnesota Vikings.

Kate-Lo, RBC Tile, Caesar,
Royal Mosa, PetraSlate

Irregular pieces of stacked Ledgestone Mountain Charcoal create a dramatic stone façade behind the front desk, on a feature wall along the main stairway and in the therapy pool area.

Showers, steam rooms, rest rooms, dining bars and therapy pools are clad with large and small format ceramic tile, chosen for a clean, modern look and outstanding durability. Ceramic tile is primed for high performance in any commercial application.
