

Masonic Masterpiece

Nearly 10,000 sq. ft. of ceramic, porcelain, marble and stone adorn the new Minnesota Masonic Heritage Center. In the 2-story foyer, polished stone floors and steps complement rich wood molding. Two waterjet cut stone logos artistically depict Masonic heritage.

Black and white marble flooring, arranged in a mosaic pattern and bordered with indented tessel and golden waterjet lettering, provides extraordinary artistry in the Alfred E. Ames Lodge Room.
